ACTIVITY

# Day 3 — Follow the Path

## Explain the Path

Name: _____ Date: _____

*Leah scans a permission slip and saves it on the classroom computer. Then she checks it on the screen. Trace the path, part by part.*

**How do you earn points?** Questions 1, 3 and 4 are worth 1 point each, and question 2 is worth 2 points. The last question is worth 1 point.

## Trace the path

Leah's action uses six parts: the scanner, the motherboard, the CPU, memory, the storage drive and the monitor.

**1.** Which part is the input device, and what does it send in? Write 1 sentence.

**2.** What do the CPU and memory do with the slip? Write 2 sentences.

**3.** Where does the scanned slip go when Leah saves it, and why? Write 1 sentence.

**4.** Which part is the output device? Write 1 short sentence.

**Last question.** Write the whole path in order, from the scanner to the monitor. Write 1 sentence.
