Topic 1.1: Collaboration

Bell Ringer — Topic 1.1

Take 3 minutes. Write 1-2 sentences for each question.

1. Think of one group project — for any class — that went really well, and one that fell apart. In a sentence each, what made the difference?
2. Name one app or website you use. Who do you think it was designed for, and is there a kind of person it might work badly for?
