Who Put Your Information Online?

Guided Notes

Fill in the blanks as we go. Every answer is in the word bank.

Today you will learn to sort what's online about a person by who put it there.

Word bank digital footprint · post · search results · tag · notification · permission · organization · public page · activity record · privacy policy

What is a digital footprint?

Your digital footprint isn't only the things you posted.

All the information about you that can be found online is your _____.

A photo, comment or video you share online is a _____.

Searching your own name shows the _____ a stranger would see, but not everything.

Who else puts information about you online?

Friends, family and classmates post about each other all the time.

When someone links your name or account to their post, that's a _____.

A post that tags you usually shows up as a _____ on your account.

Many people post about others without asking for _____, and that doesn't make anyone a bad person.

What do organizations publish?

Schools, teams, clubs and local news sites publish names as part of their work.

A school, team, club or newspaper is an _____.

Team rosters, award lists and concert programs often sit on a _____ that anyone can read.

You didn't make that page, so you can't edit it yourself.

What do apps record quietly?

Some of your footprint was never posted by anyone.

Many apps keep an _____ of what you open, search and watch.

An app's _____ explains what it collects and who it shares it with.

Many apps also let you ask for a copy of the data they keep about you.
