5-minute warm-up

Who's the Entrepreneur?

Three teens spent the same summer earning money in three different ways.

- **Maya** works 25 hours a week stocking shelves at a grocery store. She gets a paycheck every two weeks.
- **Jordan** designs custom phone cases, bought $150 in supplies, and sells them online. Some weeks he makes money. Some weeks he doesn't.
- **Priya** invented a clip that keeps earbuds from tangling. Her friends love it, but she hasn't made or sold any yet.

Turn and talk with a partner. Be ready to share.

1. Which one of them is an entrepreneur? Pick one.
2. What is that person doing that the other two are not?
3. Who has the most to lose this summer? Who has the most to gain?
4. What would Priya have to do to become an entrepreneur?

Be ready to defend your pick with a specific reason.
