WRITTEN-RESPONSE PRACTICE

Constructed-response items ask you to define a term, identify the right idea, and explain your reasoning with evidence from the scenario. Answer in complete sentences.

Scenario

Dev and Lior both want to earn money this summer. Dev takes a lifeguard job at the city pool for $15 an hour. Lior spends $200 on coolers and snacks and starts **Porch Pantry**, delivering drinks and snacks to families at the youth soccer fields on weekends. The first weekend she sells out by noon. The second weekend it rains and she sells almost nothing. Before the third weekend, she sets up a group text so parents can pre-order.

Prompt

Respond to each part. Use specific evidence from the scenario.

1. **Define** entrepreneurship, and **identify** which of the two teens is an entrepreneur.
2. **Identify** two entrepreneur traits Lior shows. Use evidence from the scenario for each.
3. **Explain** one risk Lior takes on that Dev doesn't, and one reward Lior could get that Dev can't.
4. **Explain** one work habit Lior will need to keep Porch Pantry running all summer, and why.
