BELL RINGER

Day 3 — Quiz: Java Program Parts and Compile Errors

Bell Ringer: Get Set, Go

Name: _____ Date: _____

Read what Ahmed says and his code. Then answer both questions.

What Ahmed says
I'm coding the start of a race for field day. I want it all to print on one line.

```
1  System.out.print("Get ");
2  System.out.println("set.");
3  System.out.print("Go!");
```

1. How many lines do you think this code prints? Write 1 word.

2. Does the code do what Ahmed wants? Write 1 word.
