BELL RINGER

Day 3 — Make a Sign

Bell Ringer: Noor's sign

Name: _____ Date: _____

Read what Noor says. Then answer both questions.

What Noor says
My program printed a sign with five lines. The middle line is blank, so the sign is easy to read.

1. How many `print()` lines do you think made Noor's sign? Write the number and 1 short sentence.

2. How do you think a program prints a blank line? Write 1 sentence.
